2. Procedures governing attendance at the General Meeting and the exercise of voting rights

Shareholder's right to request that certain matters be placed on the agenda of the General Meeting

A shareholder or shareholders representing at least one-twentieth of the share capital may request that certain matters be placed on the agenda of the next General Meeting, i.e. the Annual General Meeting convened for June 25th 2019. The request should be submitted to the Management Board at least 21 days prior to the date of the General Meeting, i.e. by June 4th 2019, and should contain grounds for or a draft resolution of the proposed agenda item. The request may be submitted in electronic form to: wza@pbg-sa.pl, or by letter to: Zarząd PBG S.A., ul. Skórzewska 35, Wysogotowo, 62-081 Przeźmierowo, Poland.

Shareholders' right to propose draft resolutions regarding any matters placed on the agenda of the General Meeting or any matters to be added to the agenda prior to the date of the General Meeting

Prior to the date of the Annual General Meeting, a shareholder or shareholders representing at least one-twentieth of the share capital may propose draft resolutions regarding matters placed on the agenda of the Annual General Meeting or matters to be placed on the agenda, either by letter to: Zarząd PBG S.A., ul. Skórzewska 35, Wysogotowo, 62-081 Przeźmierowo, Poland, or in electronic form to: wza@pbg-sa.pl.

Shareholders' right to propose draft resolutions pertaining to items placed on the agenda in the course of the General Meeting

During the Annual General Meeting, each shareholder may propose draft resolutions regarding matters included on the agenda.

Voting by proxy, including information on the proxy voting forms, and the manner of notifying the Company of appointing a proxy by electronic means of communication

Shareholders who are natural persons may participate in the Annual General Meeting and exercise their voting rights in person or through a proxy. Shareholders that are not natural persons may participate in the Annual General Meeting and exercise their voting rights through a person or persons authorised to make declarations of will on their behalf or through a proxy. A proxy

may exercise all the Shareholder's rights at the Annual General Meeting, unless the power of proxy states otherwise. A proxy may grant further powers of proxy if the original power of proxy so permits. A proxy may represent more than one Shareholder and may vote the shares of each Shareholder in a different manner. Shareholders holding shares registered in an omnibus account may appoint separate proxies to exercise their rights attached to the shares registered in the omnibus account. Shareholders holding shares registered in more than one securities account may appoint separate proxies to exercise their rights attached to the shares registered in each of the securities accounts. Powers of proxy to participate in the Company's Annual General Meeting and exercise voting rights must be granted in writing or in electronic form. Granting of a power of proxy in electronic form will not require the use of a safe electronic signature verifiable with the use of a valid qualified certificate.

A form of the power of proxy and a proxy voting form will be available as of the date of this notice, at www.pbg-sa.pl in the 'Investor Relations /AGM' section. Use of these forms is not obligatory.

Granting a power of proxy in electronic form should be notified to the Company by electronic means of communication, in a message sent to wza@pbg-sa.pl, sufficiently in advance to enable the Company to verify the identity and entitlement of both the Shareholder and the proxy. As every effort must be made to ensure effective verification of the document's validity, the power of proxy should be sent in the PDF format. A notification of granting a power of proxy should include precise identification of the proxy and the principal (first name, surname, ID card/passport number, Personal Identification Number (PESEL) and place of residence – in the case of natural persons; or name, registered address, number in the National Court Register (KRS) or other commercial register, registry court or other registration authority, and Taxpayer's Identification Number (NIP) – in the case of legal persons or other organisational units). Furthermore, the phone numbers and email addresses at which the Company will be able to contact both the Shareholder and the proxy should be provided. A notification of granting a power of proxy should also specify the number of shares on which the right to vote is to be exercised, as well as the date and name of the General Meeting during which the rights are to be exercised. Moreover, it should specify whether the power of proxy is valid only on the day when the General Meeting is opened or until its actual closing.

Along with the notification of granting a power of proxy in electronic form, the Shareholder must send in a PDF file containing scanned copies of ID cards, passports or other official documents enabling identification of the Shareholder as the principal and of the appointed proxy. If a power of proxy is granted by a legal person or an organisational unit, the Shareholder as the principal must send in a scanned copy of the entry in the relevant register where the principal is entered or other document confirming the authorisation of a natural person (natural persons) granting the power of proxy to represent the Shareholder.

Documents sent in electronic form which are not drawn up in Polish must be translated into Polish by a sworn translator.

The Company may take appropriate steps aimed at identifying the Shareholder and the proxy. In particular, such verification may consist in exchanging emails or phone calls with the

Shareholder or the proxy in order to confirm the granting of the power of proxy and its scope. The Company reserves the right to treat a lack of reply to any questions asked for verification purposes as inability to verify the granting of the power of proxy. This will constitute a sufficient basis to refuse the proxy admission to the Annual General Meeting.

The rules pertaining to notification that a power of proxy has been granted will also apply in the case of notifying the Company that a power of proxy has been revoked.

Any notification of granting or revoking a power of proxy which is not compliant with the foregoing requirements will not be binding upon the Company.

The manner of appointment of a proxy is left to the Shareholder's discretion, and the Company will not be responsible for any errors made in completing the forms or for actions taken by holders of powers of proxy.

Sending in the above documents in electronic form will not release the proxy from the obligation to produce his or her identification documents when the attendance list of persons authorised to participate in the Annual General Meeting is being prepared.

Attending the General Meeting by electronic means of communication Speaking at the General Meeting by electronic means of communication. Exercise of voting rights by electronic means of communication.

The Management Board of PBG S.A., acting pursuant to Art. 27.3 of the Company's Articles of Association, resolved not to allow participation in and taking the floor or exercising voting rights at the Annual General Meeting to be held on June 25th 2019 by electronic means of communication. The Management Board's decision is justified by the fact that there is no established practice to organise and conduct general meetings of public companies with the use of electronic means of communication and by a reasonable concern about the proper conduct of the Meeting. The Management Board believes that Shareholders may duly exercise their voting rights if the rule allowing communication by electronic means during the Annual General Meeting is departed from.

Exercising voting rights by postal ballot

Voting rights may not be exercised by postal ballot as the Rules of Procedure for the General Meeting do not provide for such a possibility.

3. Record date

The record date for participation in the Annual General Meeting is June 9th 2019 (the "**Record Date**").

4. Information on the right to attend the Annual General Meeting

Only natural and legal persons holding Company shares as at the Record Date (June 9th 2019) will have the right to attend the Annual General Meeting.

In order to ensure attendance at the Annual General Meeting, entitled holders of bearer shares in book-entry form should request the entity maintaining their securities accounts – not earlier than after the notice of the Annual General Meeting is issued, and not later than on the first business day after the Record Date, i.e. not later than June 10th 2019 – to issue personal certificates confirming their right to participate in the General Meeting. Certificates confirming the right to participate in the General Meeting will serve as the basis for preparation of records submitted to the entity operating the depository for securities in accordance with the laws and regulations governing trade in financial instruments. Holders of rights under registered shares may participate in the Annual General Meeting provided they are entered in the share register as at the Record Date.

The list of Shareholders entitled to attend the Annual General Meeting will be on display at the Company's registered office in Wysogotowo, at ul. Skórzewska 35 (62-081 Przeźmierowo, Poland), for three business days prior to the date of the Annual General Meeting, from 10.00 am to 2.00 pm, at the Main Secretary Office in Building Z. A shareholder may request that the list of shareholders be delivered to him/her free of charge via electronic mail, providing an email address to which the list should be delivered. Such requests should be sent to wza@pbg-sa.pl.

5. Access to documents; website where information concerning the General Meeting will be published

The full texts of documents to be presented to the Annual General Meeting, as well as draft resolutions to be voted on, will be available at the Company's website as from the day of convening the Annual General Meeting, pursuant to Art. 402³.1 of the Commercial Companies Code.

Information concerning the Annual General Meeting is available in the Investor Relations/AGM section of the Company's website at: www.pbg-sa.pl.

6. Confirmation of Shareholders' and proxies' identity on the day of the Annual General Meeting

In order to register attendance, the Management Board may request the attendees of the Annual General Meeting to produce an ID card, a passport or another document confirming the identity of a given person. Moreover, persons representing a Shareholder which is not a natural person must furnish an original copy (or a copy certified by a notary public) of the valid entry in the relevant register or another document evidencing their authorisation to represent the Shareholder.

If a Shareholder participates in the Annual General Meeting through a proxy, the proxy must furnish the power of proxy (unless granted in electronic form) and present his or her ID card,

passport or another official document confirming the proxy's identity and containing data consistent with the data given in the power of proxy. If the proxy represents a Shareholder that is not a natural person, he or she must also furnish an original copy (or a copy certified as true by a notary public) of the valid entry in the relevant register or another document confirming the authorisation of the persons granting the power of proxy to represent the Shareholder.

Documents in a foreign language should be translated into Polish by a sworn translator.

GROUND FOR DRAFT RESOLUTIONS OF THE ANNUAL GENERAL MEETING

As prescribed by the Code of Best Practice for WSE Listed Companies, grounds should be provided for all draft resolutions of the General Meeting except for resolutions concerning procedural matters and standard resolutions adopted by Annual General Meetings.

Accordingly, no grounds are required for the resolution to appoint the Chairperson of the General Meeting nor for the resolution to appoint the Ballot Counting Committee. As set out in Art. 395.2 of the Commercial Companies Code, the standard general meeting resolutions include the resolution concerning approval of the financial statements and directors' report for the previous financial year, the resolution concerning allocation of profit or coverage of loss, and the resolutions concerning the discharge of duties by members of the company's governing bodies. Furthermore, under Art. 395.5 of the Commercial Companies Code, the business attended to by a general meeting may also be the consideration and approval of consolidated financial statements. Hence, in the Management Board's opinion, a resolution concerning the matter, which is voted on every year to ensure compliance with the Accounting Act, requires no detailed grounds either.

As set out in Art. 397 of the Commercial Companies Code, the Company's General Meeting should vote on the Company's continued existence if the statement of financial position prepared by the Management Board shows a loss exceeding the sum of its statutory reserve funds, capital reserves and one-third of the share capital.

*

Resolution No. []
of the Annual General Meeting of
of PBG S.A. of Wysogotowo
dated June 25th 2019
concerning steps to be taken with respect to reverse split of Company shares

Section 1

With due regard to:

- i) **Resolution No. 1387/2013 of the Management Board of the Warsaw Stock Exchange of December 2nd 2013** on separation of the ALERT LIST segment of the regulated market and on the rules of and procedure for classifying shares to the segment (the "Resolution");
- ii) classification of Company shares to the ALERT LIST segment;
- iii) the Company's position on its temporary inability to reverse split the Company shares, published in Current Report No. 17/2018 of June 20th 2018;
- iv) the causes, identified by the Company's Management Board, of the inability to reverse split the Company shares during implementation of the Company's arrangement made with creditors approved by the final decision of the District Court for Poznań-Stare Miasto of Poznań, 11th Commercial Insolvency and Arrangement Division, court docket No. XI GUp 29/12, dated October 8th 2015 (the „**Arrangement**");
- v) terms and conditions of the Company's bonds issued to partially satisfy the arrangement claims, whereby the early redemption triggers include delisting of the Company shares,

now the Annual General Meeting of PBG S.A. of Wysogotowo resolves to approve the Management Board's activities designed to take all steps necessary to reverse split the Company shares, which should eliminate the risk of suspension of trading in the Company shares and, consequently, the risk of delisting.

SECTION 2

For the reasons set out in the Company's position, published in Current Report No. 17/2018 of June 20th 2018, the Annual General Meeting of PBG S.A. of Wysogotowo approves the Company's position that the reverse split of the Company shares will be possible after the Company has performed all its obligations under the Arrangement.

SECTION 3

In view of the above, the Annual General Meeting of PBG S.A. of Wysogotowo declares its will to adopt a resolution to amend the Company's Articles of Association by:

- i) changing (increasing) the par value per share without reducing the Company's share capital;
- ii) changing the number of shares of all series, through their reverse split in a proportion determined by the Management Board;
- iii) amending the Company's Articles of Association accordingly;
- iv) designating the shareholder whose holding of Company shares will be used to supplement any deficit caused by such reverse split;
- v) setting the reference date and reverse split date for Company shares, within the meaning of the regulations of the Central Securities Depository of Poland;
- vi) addressing any other matters concerning the reverse split and requiring consideration,

as soon as possible, as determined by the Company's Management Board, the circumstances described in Section 2 hereof having occurred.

SECTION 4

This Resolution shall become effective as of its date.

GROUNDINGS FOR THE DRAFT RESOLUTION:

Pursuant to Section 3.2 of the Resolution, the Company's Management Board is obliged to prepare and publish a recovery plan indicating the steps it intends to take to remove the reasons for classifying the Company shares to the ALERT LIST segment, including in particular a description of the steps and the timetable for the implementation thereof. In performing the above obligation, the PBG Management Board has taken steps to determine what actions or circumstances could help remove the Company shares from the list.

The legal analysis of PBG's situation, commissioned by the Company's Management Board, supports the conclusion that for the reasons described below it is currently not possible to carry out a reverse split of the Company shares. **The Company intends to perform the reverse split with to eliminate the reasons for classifying the Company shares in the ALERT LIST segment in accordance with the Resolution, as soon as the obstacles described herein cease to exist.**

The Company's Management Board points out that due to the current implementation of the Arrangement it is not possible to amend the Company's Articles of Association where they refer to the par value of shares. Among the forms of repayment of claims under the Arrangement is their conversion into Series H shares. Series H shares are issued under the Arrangement. Because the Arrangement provides for conversion of some debt claims into shares, the provisions of the Arrangement substitute all actions related to issuing shares, increasing the Company's share capital, acquiring and paying for the shares. Therefore, shares are issued each time a new arrangement claim arises or is disclosed, such claims being classified to Group 5, Group 6, or Group 7 in accordance with the Arrangement.

Series H shares are issued as registered (in-kind) shares, which upon their admission to trading are converted into bearer shares. The par value and the issue price of Series H shares are equal and stand at PLN 0.02 per share.

The Arrangement covers all arrangement claims, including contingent claims whose origination is subject to a condition that may be fulfilled during the term of the Arrangement. The Arrangement, where it refers to the conversion of claims into shares, provides for partial satisfaction of claims in the form of Company shares, issued in particular to Group 6 creditors holding such contingent claims. Therefore, if during the term of the Arrangement (which is to conclude at the end of June 2020) conditions are fulfilled triggering the contingent claims, such creditors will participate in the issue of Series H shares and another share capital increase will be carried out.

Thus the issue of Series H shares has not been closed and certain circumstances may still occur leading to the creation of new Company shares (Series H shares and, consequently, Series I shares). The Company thus points out that by the end of June 2020 grounds will continue to exist for creating and issuing new Series H shares and for increasing the Company's share capital.

The Company is of the opinion that it is not possible to amend the terms of the issue of Series H shares as long as the issue continues, chiefly because Series H shares are being issued under the Arrangement rather than on the basis of a General Meeting resolution. A change in the par value of the shares, provided for in the Arrangement, would require making amendments to the Arrangement. Pursuant to Art. 298 of the Bankruptcy and Restructuring Law (the provisions relevant for the Arrangement concluded by the

Company), any amendments to the Arrangement with creditors are possible only in specific circumstances. The Law provides that if following approval of an arrangement, there has been a material change in economic relations which significantly affects the long-term growth or leads to a decline in income of the insolvent company's enterprise, the insolvent company and each creditor may request that the arrangement be amended. In view of the above, any amendments to the arrangement would only be possible if they pertained to the company's financial condition and a deterioration in its ability to perform the arrangement in accordance with its approved provisions. Given that any amendments to the Arrangement are an exception to the principle that it should be final and binding throughout its performance, Art. 298 of the Bankruptcy and Restructuring Law should be construed narrowly. Thus, save the above amendment, no other amendments to the Arrangement are possible. Therefore, the Company may not modify the terms and conditions of the Arrangement by changing the par value (and the issue price) of Series H shares.

The adoption of this resolution by the Company's governing body will be an expression of shareholders' support for the Company's actions.
