For PBG S.A. Shareholders

1. We have conducted the audit of the attached financial statements of PBG S.A. (The Company) with its seat in Wysogotowo, ul. Skórzewska 35, comprising:
 - balance sheet prepared for this 31st December 2008, which on the side of assets and liabilities demonstrates the amount of PLN 1,340,364 thousand
 - profit and loss account for the period from 1st January 2008 to 31st December 2008 demonstrating net profit in the amount of PLN 58,469 thousand,
 - the statement of changes in the equity, demonstrating the increase in equity in the period from 1st January 2008 to 31st December 2008 with the amount of PLN 40,977 thousand,
 - cash flow account demonstrating the decrease in the balance of monetary resources in the period from this 1st January 2008 to 31st December 2008 with the amount of PLN 162, 764 thousand,
 - additional information on the accepted accounting principles and other explanatory information.

2. The Management Board of the Company is responsible for the preparation and reliable presentation of the financial statements, pursuant to the accepted accounting principle. The duties connected with this include the design, implementation and ensuring internal control connected with the preparation and reliable presentation of financial statements, selection and the application of relevant accounting principle and making, justified in given circumstances, accounting estimates.

Our task was conducting the audit of the attached financial statements and expressing the opinion, based on the audit, if the financial statements were correct, which means in accordance with the applied principles (policy) of accounting, if they presented all the information significant for the assessment of the material and financial standing and the financial result in a reliable and clear way and if they were prepared on the basis of correctly run accounting books.

3. The audit of the attached financial statements was conducted pursuant to the provisions of:

- the provisions of chapter 7 of the Act of 29th September 1994 on accounting (single text: Dz. U. of 2002 no. 76, item 694 as amended) (The Act),
- standards for practising the profession of a chartered auditor, issued by the national Chamber of Chartered Auditors in Poland.

We planned and conducted the audit in such a way as to obtain enough certainty that the audited financial statements did not contain any significant irregularities. The audit consisted in the verification – to a large extent by random method – of the documents and book records confirming the amounts and information included in the audited financial statements. The audit also included the assessment of the accounting principles (policy) applied by the Management Board of the Company, significant estimates conducted by the Management Board of the Company as well as the assessment of the general presentation of the financial statements. We think that the audit conducted by us provided enough evidence to express an opinion on the financial statements.

4. We conducted the audit of the financial statements of the Company for the previous accounting year, closed on 31st December 2007, last year. We issued the opinion with no reservations on those financial statements.
5. In our opinion the audited financial statements, including the numerical data and verbal explanations:
 - present all the information significant for the assessment of the material and financial standing of the Company as for 31st December 2008 as well as its financial result for the accounting year from 1st January 2008 to 31st December 2008, in a reliable and clear way
 - they were prepared, in all significant aspects, correctly, meaning pursuant to the principles (policy) of accounting, resulting from the International Accounting Standards, International Financial Reporting Standards and the interpretations connected with them, announced in the form of the regulations of the European Commission, and in the scope not settled in these standards – pursuant to the requirements of the Act on accounting and the executive regulations issued on the basis of this act and pursuant to the correctly run account books,
 - present the data pursuant to the requirements of the Regulation of the Minister of Finance of 19th February 2009 on current and periodical information transferred by the issuers of securities and the conditions of finding the information required by legal regulations of the country not being a member state equally important (Dz. U. of 2009, no. 33, item 259),
 - they are in compliance with the legal regulations and provisions of the Company Statute influencing the contents of the financial statements.
6. We have familiarized ourselves with the statement on the Company activity for the period from 1st January 2008 to 31st December 2008, prepared by the Management Board. In our opinion this statement meets the significant requirements of the art. 49 section 2 of the Act on accounting and the provisions of the regulations of the Minister of Finance of 19th February 2009 on current and periodical information transferred by the issuers of securities and the conditions of finding the information required by legal regulations of the country not being a member state equally important. The amounts

and information coming from the financial statements audited by us, included in this statement on activity, are in compliance with the financial statements.

Jan Letkiewicz

Chartered Auditor
